EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Brian Genco on 10/4/07.
3. The claims in the application has been amended as follows:
 - 1. (Currently Amended) A method for processing a batch job, comprising:
wrapping the batch job to create an application programming interface for communication with a batch framework, the batch framework comprising a batch dispatcher class, and the batch dispatcher class further comprising a method to execute the batch job, wherein the batch job performs a repetitive, low priority task that typically requires no direct external input; and
invoking the batch framework according to a predetermined schedule via execution of a command line parameter, wherein the method provides for efficient reuse of programming code and platform independence by encapsulating the batch job and providing a uniform application programming interface for processing the batch job according to the method.
 - In claims 2-21, replace "The process" with – The method –.

Drawings

4. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the drawings submitted by the Applicant are informal. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Conclusion
